

## The 1st International IAT Seminar Report

We held "the 1st international IAT seminar" on July 19th to 22nd, 2019 with our agents in Bangladesh and Mongolia.

In total 18 attendees participated in this seminar including 10 dentists from Bangladesh and a dentist from Mongolia.

On the 1st day we had a lecture from Dr. Kataoka of Showa University about general implantology and features of IAT implant system.

Then Dr. Taniguchi of the president of ZEN dental association gave a lecture of continuum implant surgery from operation preparation and diagnosis to apparatus maintenance on the 2nd day.

After 2 days classroom lecture, we visited Taniguchi Dental Clinic and Lamza Dental Clinic to observe "guided implant surgery", "socket lifting surgery", "CEREC system" and "peri-implantitis therapy".

On the last day, Dr. Higuchi of Showa University gave hands-on lecture of implantation and impression taking.

After that, we learned simulation software "Intelligent Artificial Teeth Navi System" from Mr. Oeda of iCAT and alcohol-free sterilization agent "sterilNa" from Mr. Fukawa of SSP.

We would like to express thanks to all the attendees, lecturers, Peace Corporation and Taiyo Town Corporation.
